Support to NFAC (U)

CPCAM systems software now provides special support for LED 120 Braille terminals. This capability, developed by ODP systems programmers in response to a requirement from the Director, NFAC, permits blind analysts to make more effective use of the VM System. ▓▓▓▓▓▓ (U)

NPIC Procurement (U)

Management Staff reviewed and concurred in an NPIC procurement for an Imlac 1554 automated text editing and composition system. The system is used for editing and/or preparing type for hardcopy reports produced by ▓▓▓▓▓▓ components. The system includes 8 video display terminals and 6 minicomputers. Interested personnel can review the ODP file copy by contacting ▓▓▓▓▓▓ on ext. 5037. ▓▓▓▓▓▓ (U)

FIPS PUB 71 (U)

Recently the National Bureau of Standards (NBS) asked Federal agencies to review Federal Information Processing Standard Publication 71 (FIPS PUB 71) that prescribes standards for Advanced Data Communications Control Procedure (ADCCP) to be used by ▓▓▓▓▓▓

CONFIDENTIAL

employing bit-oriented synchronous data communication links. NBS is establishing an interagency group to review the comments made by the various agencies.   25X1A
                        ODP, will represent CIA at the initial meeting of the interagency group. (C)

SAFE

On 10 October Consolidated SAFE Project Office personnel gave a briefing on technical and managerial aspects of the SAFE project   25X1C
                        While the   guest was also briefed   25X1C
on other automated intelligence projects at DIA, he made the trip   specifically to learn more about SAFE. This briefing request came through the DIA and was coordinated with the NFAC Foreign Liaison Officer. (U)   25X1A

Support to Office of Logistics

LIMS (Logistics Integrated Management System). The preliminary requirements paper for the Agency model property management system was completed and is being sent to OL LIMS Steering Committee for review. After approval from the Steering Committee, this paper will be sent to all Headquarters and key overseas Logistics Officers for review. (U)   25X1A
